

Do You Think There is No Competition?

If anyone thinks there is no competition amongst the big packers he ought to go through a day's work with Swift & Company.

Let him begin at the pens when the live stock comes in; let him try to buy a nice bunch of fat steers quietly and at his own price, without somebody's bidding against him.

Let him realize the scrupulous care taken at the plant that not one thing is lost or wasted in order that costs may be held to a minimum.

Let him go up into the office where market reports are coming in, - and reports of what other concerns are doing.

Let him watch the director of the Swift Refrigerator fleet, maneuvering it over the face of the country like a fleet of battleships at sea.

Let him take a trip with a Swift & Company salesman and try to sell a few orders of meat.

Let him stay at a branch house for an hour or two and see the retail meat dealers drive their bargains to the last penny as they shop around among the packers' branch houses, the wholesale dealers, and the local packing plants.

And then, when the day is over, let him have half an hour in the accounting department, where he can see for himself on what small profits the business is done. (Less than 4 cents on each dollar of sales.)

If he still thinks there is no competition in the meat business it will be because he wants to think so.

Swift & Company, U.S.A.

Chattanooga Local Branch 1001-03 Chestnut St. R. M. McCroan, Manager

Your Hotel

THE EASTERN HOTEL, with all large and well lighted rooms, steam heat and elevator service, has the reputation of making you feel at home.

The location, opposite Hotel Patten and Post Office, is the best in Chattanooga.

All rooms have hot and cold running water, and many with private baths.

Rates \$1.00 per day and up. Special rates to families and couples at \$8.75 and up by the

PRINCIPLES OF WILSON'S ADDRESS REACH HUNGARY

DEMANDS FOR PEACE MADE DURING TUMULT.

Premier Declares for Granting Claims of Nationalities Residing Within Kingdom.

siding Within Kingdom.

Basel, Switzerland, Oct. 18.—Scenes of tumult prevailed at the meeting of the Hungarian diet yesterday, during which demands for peace were made and it was announced that Austria was being organized on a federal basis. So great was the uproar that the presiding officer was obliged to adjourn the sitting. The disorder continued, however, the deputies calling each other "blackguards, liars, traitors, slaves," etc.

Dr. Alexander Wekerie, the Hungarian premier, said that the federal states which will be formed in Austria will organize their economic and military policies on an autonomous basis. He made an appeal for united action by all parties.

He made an appeal for united action by all parties.

Count Michael Karolyl, president of the Hungarian independent party, who followed Dr. Wekerle, demanded that immediate peace negotiations be begun without regard to the community of interest arising from the policy which has heretofore been followed, according to advices from Budapest.

Count Stephen Tisza, the former Hungarian premier, who on Wednesday had a narrow escape from a would-be assassin, attacked Count Karolyl, yelling, "You are entente agents."

Great Disorder Ensued.

Martin Novassis, one of the members

Martin Novassis, one of the members of the dict, answered, "We are friends of the entente."

Great disorder ensued in the cham-When the sitting was resumed after a brief postponement, a draft of the address to the king was read. It said the result of the war had been such as to place the throne in danger. It stated that Hungary must have full auton-

"Hungary feels herself to be in accord with the ideas spreading throughout the world along the lines of the noble principles of President Wilson's address," the address continued. "Hungary feels and the specific principles of the specifi gary must be completely independent, must have general electoral suffrage and the relations between nationalities in the country must be governed by the principles enunciated by President

"Hungary is in danger of invasion. Hungarian troops must be brought back and non-Hungarian troops sent

Accomplish at All Costs.

Dr. Wekerle said: The protection of our integrity as a state and the maintenance of our unity are tasks we must accomplish at all costs. We desire to grant individual rights to the different nationalities who have lived among us for a thousand years. We are not contradicting our traditional point of view in accepting President Wilson's principles. As far as absolute rights of individuals and the defense of our integrity and the unity of the state will permit, we will willingly satisfy the claims of different

DEBATE DEFICIENCY BILL

Political Argument Ensued in House Over Same. Washington, Oct. 17.—Work proceed-ed in the house today on the \$6,345,-755,000 military deficiency bill, with its passage expected before tonight. Au-other house recess, beginning next week, is planned. No other pressing legislation is pending and the recess or series of recesses probably will extend

A political argument wound up the general debate as the bill went to amendment under the limited debate

Representatives Magee, of New York, and Campbell, of Kansas, republicans, advocated a congressional committee to supervise government ex-penditures and appealed for the elec-tion of a republican congress. Representative Heffin, of Alabama, democrat, in reply charged the republicans with "absolutely trying to buy the house and senate." He referred to campaign expenses in several states. Repubican control, he predicted, "would be a public calmity and an internet

be a public calamity and an interna-tional disaster."

Refusal of democratic members "to Refusal of democratic members "to take some means to supervise public expenditures will prove their undoing," declared Representative Magee, Demo-crats, he charged, were "so absorbed in greed for a continuance of power" that they make a "great mistake" in opposing an expenditures committee.

WOMEN OPEN A WAR HOSPITAL It is First Institution of its Kind in

It is First Institution of its Kind in America.

(New York Herald.)

A war hospital to be conducted entirely by women and for the treatment of wounded soldiers returning from France will be established here/it has been announced by women physicians.

In the new war hospital, the first to be opened by women, all the physicians, surgeons, nurses, laboratory workers, anaesthetists, radiographers and other experithelp will be women. All the equipment for the hospital, including one hundred beds, the bedding, linen, medical and surgical instruments and furniture, has been purchased and is ready to be used as soon as the returning wounded require this additional care.

purchased and is ready to be used as soon as the returning wounded require this additional care.

The hospital has the approval of Gen. Gorgas, formerly surgeon-general. Recently the suggestion that a hospital staffed and managed entirely by women was placed before him by a committee of women. He assured them that he would notify them as soon as the need for a new hospital developed. Dr. Josephine Walter, consulling physician of the New York Infirmary for Women and Children, who is to be director of the new Women's Military hospital, headed the delegation.

Associated with Dr. Walter in the work of managing the hospital will be an executive committee composed of Dr. Resalile Slaughter Morton. Dr. Angenette Parry, Dr. Mailda K. Wallin, Dr. Marie L. Chard, and Dr. S. R. Creighton Best.

According to Dr. Morton, the surgeongeneral has placed the hospital in classification No. 1 among the hospitals in the home zone, indicating that an early call will be made for its use. The women physicians will give their services free.

LEE ENTHUSIASTIC

Congressman Pleased with Achievements of Boys' Corn Ciub.

Dalton, Ga., Oct. 18.—(Special.)—Congressman Gordon Lee, here on a visit to the Whitfield county fair, is enthusiastic over the reports he is getting from members of the boys' wheat clubs organized over the Seventh district at Mr. Lee's suggestion. He was a pioneer in the work of the boys' corn club, and in starting the wheat club he did so realizing the great need of Georgia making her own bread. The clubs have many enthusiastic members almong the boys of the district, and the work is expected to materially increase the wheat production in northwest Georgia.

IS THE HEN PATRIOTIC?

Question of Some Moment to Be Decided by Printer-Poet.

Dalton. Ga.. Oct. 18.—(Special.)—
James Wells. Dalton's yrinter-poet, is trying to figure out whether a hen he recently purchased is merely devout or whether she is tinned with pro-Germanism, for while Sunday is the same as any other day for patriotic endeavor, the hen positively refused to lay on that day. Wells has watched her for several weeks, and each of the week days she deposits a big white egg, but on Sundays, instead of laying, she lays off. Now Wells doesn't know whether she is long on religion or short on patriotism.

THIRTEEN DEATHS FROM FLU

Epidemic Rages in Knoxville—546 New Cases in Twenty-four Hours.
Knoxville, Oct. 18.—(Special.)—Thirteen deaths and 546 new cases of influenza were reported to the Knoxville board of health for the past twenty-four hours.
Total cases now number 5,152 and total deaths 46.

HOW DOCTORS TREAT COLDS AND GRIPPE

Ask any physician or druggist and he will tell you that the best and only effective remedy for a bad cold, sore throat or la grippe is what he calls "a brisk calomel purge," which means a big dose of calomel at bed time. But as the class the calomel has some very linthe old style calomel has some very un-pleasant and dangerous qualities physicians and druggists, are now recommending the improved nauscaless calo-mel, called "Calotabs," which is puri-fied and refined from the sickening and dangerous effects and whose medicinal virtues are vastly improved.

One Calotab on the tongue at bed time with a swallow of water—that's all. No salts, no nausea, nor the slight-

SPANISH INFLUENZ

What It Is and How It Should Be Treat

This disease, authorities now agree, is simply old-fashioned grip that was epidemic in 1889 Then it came from Russia by way of France was given the French name la Grippe. This ti it comes by way of Spain.

Spanish influenza, which appeared in Spain in May swept over the world in numerous epidemics as far be history runs. Hippocrates refers to an epidemic in C., which is regarded by many to have been infl Every century has had its attacks. Beginning with this country has had five epidemics, the last in 1889-

THE SYMPTOMS

THE SYMPTOMS

Grip, or influenza as it in now called, usually begins with a chill followed by aching, feverishness and sometimes nausea and dizziness, and a general feeling of weakness and depression. The temperature is from 100 to 104, and the fever usually lasts from three to five days. The germs attack the mucous membrane, or lining of the air passages—nose, throat and bronchial tubes—there is usually a hard cough, especially bad at night, often times a sore throat or tonsilitis, and frequently all the appearances of a severe head cold.

THE TREATMENT

or tossilits, and trequently all the appearances of a severe head cold.

THE TREATMENT

Go to bed at the first symptoms—take a purgative, eat plenty of nourishing food, remain perfectly quiet and don't worry. Nature herself is the only "care' for influenza and will throw off the attack if only you conserve your strength. A little Quinine, Aspirin or Dover's Powders may be given by the physician's directions to allay the aching. Always call a doctor, since the chief danger of grip is in its weakening effect on the system, which allows complications to develop. These are chiefly pneumonia and bronchitis, sometimes inflammation of the middle ear, or heart affections. For these reasons, it is very important that the patient remain in bed until his strength returns—stay in bed at least two days or more after the fever has left you, or if you are over 50 or not strong, stay in bed four days or more, according to the severity of the attack.

EXTERNAL APPLICATIONS

In order to stimulate the lining of the air passages to throw off the grip germs, to aid in loosening the phlesm and keeping the air passages open, thus making the breathing easier. Vicks' VapoRub will be found effective. Hot, wet towels should be applied over the throat, chest and back between the shoulder blades to open the pores. Then VapoRub should be rubbed in over the parts until the skin is red, spread on thickly and covered with two thicknesses of hot flannel cloths. Leave the clothing loose around the neck as the heat of the body liberates the ingredients in the form of vapous. These vapors, inhaled with each breath, carry the medication directly to the parts affected. At the same time, VapoRub is absorbed throughand stimulates the skin, attracting EXTERNAL APPLICATIONS

the blood to the surface, aids in relieving the co-

NO OCCASION FOR P There is no occasion for influenza or grip has a 'percentage of fatalities—i one death out of every fo dred cases, according to the Board of Health. Evidence seems to prove the seems are present a germ disease, spread pally by human contact, thru coughing, sneezing or so avoid persons having which means avoiding or common drinking cups, towers, etc. Keep up your strength by plenty of exercise the open air, and good food. KEEP FREE FROM COL

Above all, avoid colds, as irritate the lining of the air sages and render them much ter breeding places for the g. Use Vick's VapoRub at the first sign of a cold. For a h cold, melt a little VapoRub in spoon and inhale the vapors, obetter still, use VapoRub in a benzoin steam kettle. If this is not available, use an ordinary teakettle. Fill half-full of boiling water, put in half a teaspoon of VapoRub from time to time—keep the kettle just slowly boiling and inhale the steam arising.

NOTE:

Vick's VapoRub is the discovery of a North Carolina druggist, who found how to combine, in salve form, Menthol and Camphor with such velatile oils as Eucalyptus, Thyme, Cubebs, etc., so that when the salve is applied to the body heat, these ingredients are liberated in the form of vapors. VapoRub can be had in three sizes at all druggists. While comparatively new in certain parts of the North, it is the standard home remedy in the South and West for all forms of cold troubles—over six million jars were sold last year. VapoRub is particularly recommended for children's croup or colds, as it is externally applied and can, therefore, he used freely and often without the slightest harmful effects.

When Father and Son are chums, it's pretty sure Dad will choose a Friedman Overcoat. They seem to take off years in ap pearance and yet meet the exacting criticism of experi enced judgment.
